## MBBS BATCH 2023-24

### CLINICAL POSTING COMPETENCIES SCHEDULE

w.e.f. – 26.10.2024

YEAR CALANDER DATE & DAY	CLINICAL POSTING ROTATION WITH COMPETENCY 10 AM to 1 PM	DEATAILS OF BATCH DISTRIBUTION WITH FACULTY
	Batch -A -Med – 1.10	Batch A with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch B - Surg. – 1.1 (VI-PY/BI)	Batch B with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch - C – OBG – 6.1	Batch C with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch -D – CM 17.2	Batch D with 36 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch -A -Med – 1.11	Batch A with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch B - Surg. – 1.3	Batch B with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training

	Batch - C – OBG - 8.3	Batch C with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch -D – CM 2.2	Batch D with 36 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch -A -Med – 1.12	Batch A with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch B - Surg. – 2.1 (VI-PY/PA)	Batch B with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch - C – OBG – 8.6	Batch C with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch -D – CM 5.1 (VI-IM/PE)	Batch D with 36 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch -A -Med - 1.14	Batch A with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch B - Surg. – 2.2 /2.3	Batch B with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch - C – OBG – 5.1	Batch C with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch -D – CM - 10.5 (VI- PE)	Batch D with 36 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch -A -Med – 1.15	Batch A with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training

	Batch B - Surg. - 3.2 /3.3	Batch B with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch - C – OBG – 35.1	Batch C with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch -D – CM 10.5 (VI-PE)	Batch D with 36 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
<b>FAMILY ADOPTION PROGRAMME</b>		
<b>(Community Medicine)</b>		
	Batch -A -Med – 1.18	Batch A with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch B - Surg. – 4.1 (VI-PY)/4.2	Batch B with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch - C – OBG –35.5 (VI-CM)/ 5.2	Batch C with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch -D – CM 10.5 (VI-PE)	Batch D with 36 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch -A -Med – 1.19 (HI-RD)	Batch A with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch B - Surg. – 5.1 (VI-PA)	Batch B with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch - C – OBG – 8.1 (VI – CM)	Batch C with 38 students will be divided into small groups of 10

		students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch -D – CM 10.8	Batch D with 36 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch -A -Med – 1.28	Batch A with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch B - Surg. – 5.2	Batch B with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch - C – OBG – 8.7	Batch C with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch -D – CM 10.7	Batch D with 36 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch -A -Med - 1.30 (VI- PH)	Batch A with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch B - Surg. – 6.1 (VI-MI)	Batch B with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch - C – OBG – 8.3	Batch C with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch -D – CM 10.2 (VI – OG/PE)	Batch D with 36 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch -A -Med – 2.6	Batch A with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch B - Surg. – 6.2	Batch B with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty )

		for training
	Batch - C – OBG – 8.4	Batch C with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch -D – CM 3.1 (VI – IM/EN)	Batch D with 36 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch -A -Med – 2.6	Batch A with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch B - Surg. – 9.1 (VI-BI/PA/MI)	Batch B with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch - C – OBG – 35.4	Batch C with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch -D – CM 3.7 (VI – MI)	Batch D with 36 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch -A -Med – 2.7	Batch A with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch B - Surg. – 9.2	Batch B with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch - C – OBG – 35.6	Batch C with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch -D – CM- 3.8 (VI – PH)	Batch D with 36 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch -A -Med – 2.7	Batch A with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty )

		for training
	Batch B - Surg. – 9.3	Batch B with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch - C – OBG – 8.8	Batch C with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch -D – CM- 8.4 (VI – IM/PE)	Batch D with 36 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch -A -Med – 2.9	Batch A with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch B - Surg. – 10.1/10.2	Batch B with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch - C – OBG – 8.5	Batch C with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch -D – CM- 2.2	Batch D with 36 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
	Batch -A -Med – 2.9	Batch A with 38 students will be divided into small groups of 10 students each and will be allotted to 1 faculty each ( total 4 faculty ) for training
